**ORDER**

**Subject: Containment Strategy and Surveillance Measures for Affected Families and Close Contacts in Badhal, Tehsil Khawas, District Rajouri – imposition of Section 163 of BNSS - thereof**

In view of the recent health situation in the Badhal area and to curb the further spread of infection, the following orders are hereby issued **under Section 163 of BNSS**, for immediate implementation:

- 1. Establishment of Containment Zones:**
  - **Containment Zone 1:**
    - All families where deaths have occurred shall be declared as **Containment Zone 1**.
    - The houses of these affected families shall be sealed and entry will be totally restricted for all individuals including their family members, unless otherwise authorized by the designated officers/officials.
  - **Containment Zone 2:**
    - All families identified as close contacts of affected individuals shall be declared as **Containment Zone 2**.
    - Immediate shifting of individuals from these families to GMC Rajouri for continuous health monitoring is mandatory.
  - **Containment Zone 3 (All Households of Badhal Village):**
    - Staff will be deployed to ensure the continuous monitoring of food consumption.
    - Police personnel will be stationed to enforce compliance with the consumption of replaced food item under observation.
    - Designated officers will ensure that a log book is maintained, recording every instance of food distribution and consumption.
    - The entries will be made in the said log book three times a day and each entry must be signed by the monitoring officer for accountability purpose.
- 2. Prohibition of Gatherings:** All public and private gatherings are hereby prohibited within the jurisdiction of these containment zones, in order to prevent further spread of the infection.
- 3. Monitoring of Food and Water:**
  - The designated officials (already identified by the administration) shall be responsible for monitoring all meals provided to families in containment zones.

- 
- It is mandatory for affected families and their close contacts to consume only the food and water provided by the administration. Any other food items available in the household are strictly prohibited for consumption.
  - Replacement of all food and water supplies shall be carried out immediately, and all edible materials in the infected households shall be seized by the authorities.

This order is issued for the immediate implementation and strict compliance by all concerned departments, including the police, health, and food distribution authorities.

**By Order of District Magistrate, Rajouri**
